★ ACTORS WORKSHOP! ★

for Adults

Directed scenes and monologues. This class is designed for the student who is looking for concentrated direction in how to find the underlying "truth" of acting. Patterned after the work of Strassberg, Adler, Spolin and others, we will work on motivation, subtext, connection, playing the moment, and stage sharing. These techniques give the actor an edge in discovering the do's and don'ts in playing a scene. We will also study audition techniques and image marketing, with a few skill-enhancing games thrown in for fun.

Open to all skill levels, this class is great for anyone wanting to improve their memorization, vocal and stage presence, public speaking and overcoming stage fright. Guaranteed fun!
