Many thanks to the following school and community resource people who helped to make this production possible:

Susan Riley and Linda Van Tagen, G.A.T.E. facilitators who created the original scenery;

Ron Lemmon, for making the castle;

Roosevelt School, for providing us with the majority of costumes and props;

Robin Louie, for additional props made at Monroe School;

Linda Gossett, for coordinating the costumes;

Cheryl Richardson, for her graphic arts contribution to publicity and the program cover;

The parents of the students, who organized car pools and brought their children to the multitude of rehearsals;

And the BOISE LITTLE THEATER, for allowing us to use their facility and supporting our program.
